Welcome to the Pinetum furniture collection....

....based in the UK, Pinetum's humble beginnings in pine bookcase manufacture has now led to it developing a well-deserved reputation as one of the UK's leading manufacturers of quality crafted and beautifully designed furniture.

Proud of its British manufacturing heritage, Pinetum occupies three factories on a 4 acre site in Warminster, Wiltshire with over 50,000 square feet of fully environmentally- controlled production space. Combining the skills of traditional craftsmanship with high tech manufacturing processes allows us to create furniture to a standard which is unsurpassed.

Pinetum's furniture collections range from the traditional pine furniture collections in our Tuscan and Roman ranges to very contemporary designs such as those found in the Quercus and Como ranges. Our philosophy of being led by design innovation and quality means that Pinetum's range caters for every home be it a modern city centre studio or a grand country house.

Each piece of furniture is made-to-order using only the finest raw materials. Only solid wood is used throughout each piece, which is assembled using traditionally crafted methods using dovetail and mortise and tenon joints throughout, with absolutely no use of chipboard, veneers, foils or MDF.

In today's world of predominantly imported products and variable standards, Pinetum prides itself on not only providing exceptionally designed, genuine top quality furniture manufactured right here in the UK, but also on the level of customer service it can provide to ensure that the pleasure of owning a piece of Pinetum furniture lasts as long as it does.

We hope you enjoy owning a piece of Pinetum furniture as much as we have enjoyed creating it.

THE MUNDUS COLLECTION

The softly-painted country-cottage tones of our Mundus collection are combined with elegant clean, contemporary lines. The resulting deep lasting finish of painted pine is complimented perfectly by the use of solid-oak tops creating a very modern yet retrospective effect.

MUNDUS COLLECTION : DINING

Mundus Dining Tables

Designed to provide many years of enjoyment, the combination of painted pine with chamfered and oiled solid oak tops provides the signature look of the Mundus product range.

A wide variety of table designs are available to complement every home. Many styles are available in extending versions to allow for increased seating whilst maintaining a small footprint. All extending tables are provided with a loose extension leaf. Most table models also allow the leaf to be stored away inside the table frame for convenience.

NB: 4-3 Extending Taper Leg Table, 4-3 Extending Farmhouse Table and 48" Extending Round Pedestal Table are supplied with loose leaves which do not store inside the table frame. All extension leaves are a standard 24" width apart from those supplied for 4-3 extending tables which are 12" wide.

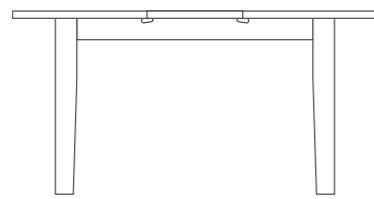

Please turn to page 32 for colour and finish options available for the Mundus range.

Complement your Mundus table perfectly by choosing from a wide variety of chairs, made from solid beech with solid oak seats. For the full range of chairs available in the Mundus range please see page 9.

Mundus Chairs and Benches

A wide variety of beautifully styled chairs are available in the Mundus collection, each selected to perfectly complement your choice of table. All chairs are made from solid Beech under contract by carefully selected suppliers then finished in the UK by Pinetum. All Mundus chair frames can be finished in a variety of colours. Please turn to page 32 for the full range of finishes available. A wide range of seat pads is available to suit your own personal taste and room décor (see page 33). Two sizes of dining benches are also available as an alternative seating option.

NB: Oak seat option available on: Amish Chair, Bretton Chair, Bretton Carver, Slat Bar Stool and Bretton Bar Stool. All chairs and Benches shown in Mundus Vanilla Finish.

Mundus Dressers, Dresser Bases and Sideboards

The unique style of the Mundus range is probably shown to its best effect in the stunning range of dressers, bases and racks available in the range, enhancing any room with their striking presence and stature. The addition of the deluxe pack which includes low voltage lighting and glass shelves particularly enhances the Mundus dresser collection.

Dresser bases are also available as separate units.

Mundus Cabinets

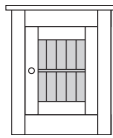

The solid-pine range of Mundus cabinets (all with mortise and tenon door assembly) offers a vast array of units to choose from in a variety of different configurations; panelled, glazed and half-glazed, to make the most of storage or to display your prized ornaments and collectibles.

Half-door cabinets provide storage solutions below an open-shelved bookcase, half-glazed units offer the security of having everything behind glazed and panelled doors whilst fully-panelled cabinets provide for completely hidden storage.

A deluxe option which includes low voltage lighting and fully adjustable glass shelving is available in Mundus half glazed and half door cabinets.

NB: All line drawings for Mundus glazed cabinets and Mundus panelled cabinets show the units as glazed versions. Please note that all cabinets are also available with panelled doors.

MUNDUS COLLECTION : LIVING

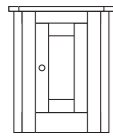

Mundus Corner Units and Hall Tables

Corner units allow complete versatility while planning a room. These are available as single base units with the option of one or two doors, or tall units which are available with the choice of open, glazed or half glazed tops.

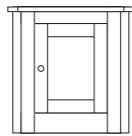

NB: The corner unit depth given is the distance required from the corner of the room to the front right and left corners of the unit.

The hall is often a difficult area to furnish and the Mundus range of hall tables are the ideal addition for this oft-forgotten area of the house. With a minimal footprint, hall tables are ideal as telephone tables and include convenient drawers and shelf storage.

Mundus Single Door Glazed Top Corner Unit (ALUS139) in Vanilla Finish

MUNDUS COLLECTION : KITCHEN

Mundus Breakfast Bars and Stools

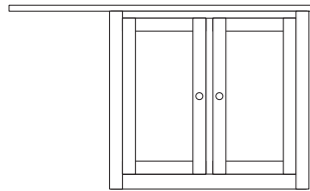

Personalise and enhance your country kitchen with a Mundus breakfast bar. These breakfast bars are extremely versatile as the oak top can be fixed in any position to create a breakfast bar that can either be free-standing or placed up against a wall depending on position and space available.

In 2 and 3 bay configurations both breakfast bars come with one internal shelf which is fully adjustable.

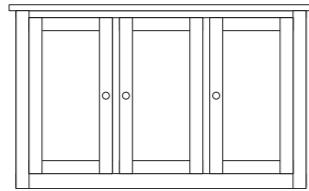

The Mundus breakfast bar range can be perfectly complemented with bar stools from our collection. These are available with either solid oak seats or one of our fabric seat pad choices. For full range of seat pad options please see page 33.

NB: Stools shown in Vanilla Finish

MUNDUS COLLECTION : BEDROOM

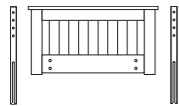

Mundus Beds and Mattresses

Mundus furniture comes into its own in the bedroom. The summery tones of the vanilla and cream paint finishes reflect a warm and comfortable light around your room.

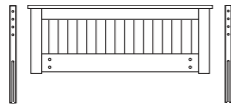

A complete range of pine beds is available in the full complement of sizes - single, double and king size. High and low foot end options are available on selected items. All pine beds are sprung slatted giving you additional comfort and come disassembled for easy access into your house.

Pinetum can also supply a range of mattresses in standard pocket sprung and firm pocket sprung comfort levels for the ultimate good nights' sleep.

MUNDUS COLLECTION : CUSTOMER SPECIALS

Customer Specials

Pinetum are also pleased to offer their "customer specials" service where specific items of furniture can be made wider, taller or deeper to suit your own personal size and space requirements.

Please note that this only relates to external dimensions (width, height and depth) and not to product configuration. For more details please contact your local stockist who will be pleased to provide detailed information on this service.

For further information on all Pinetum product ranges please visit our website at www.pinetum.co.uk

MUNDUS COLLECTION : FURNITURE CARE

Care for Your Pinetum Furniture

It is important to remember that all Pinetum's solid pine furniture has been carefully produced using natural organic materials. The timber has been prepared specifically for use in the manufacture of interior furniture and has been slowly kiln dried to bring the moisture content down to 10 to 12%.

Average household humidity levels are between 8 to 12% depending on climatic conditions. It is therefore imperative that the furniture be kept in as warm and dry an environment as is practically possible. Storing the furniture in conditions outside of these levels will invariably cause a degree of movement and may create problems, particularly with doors and drawers.

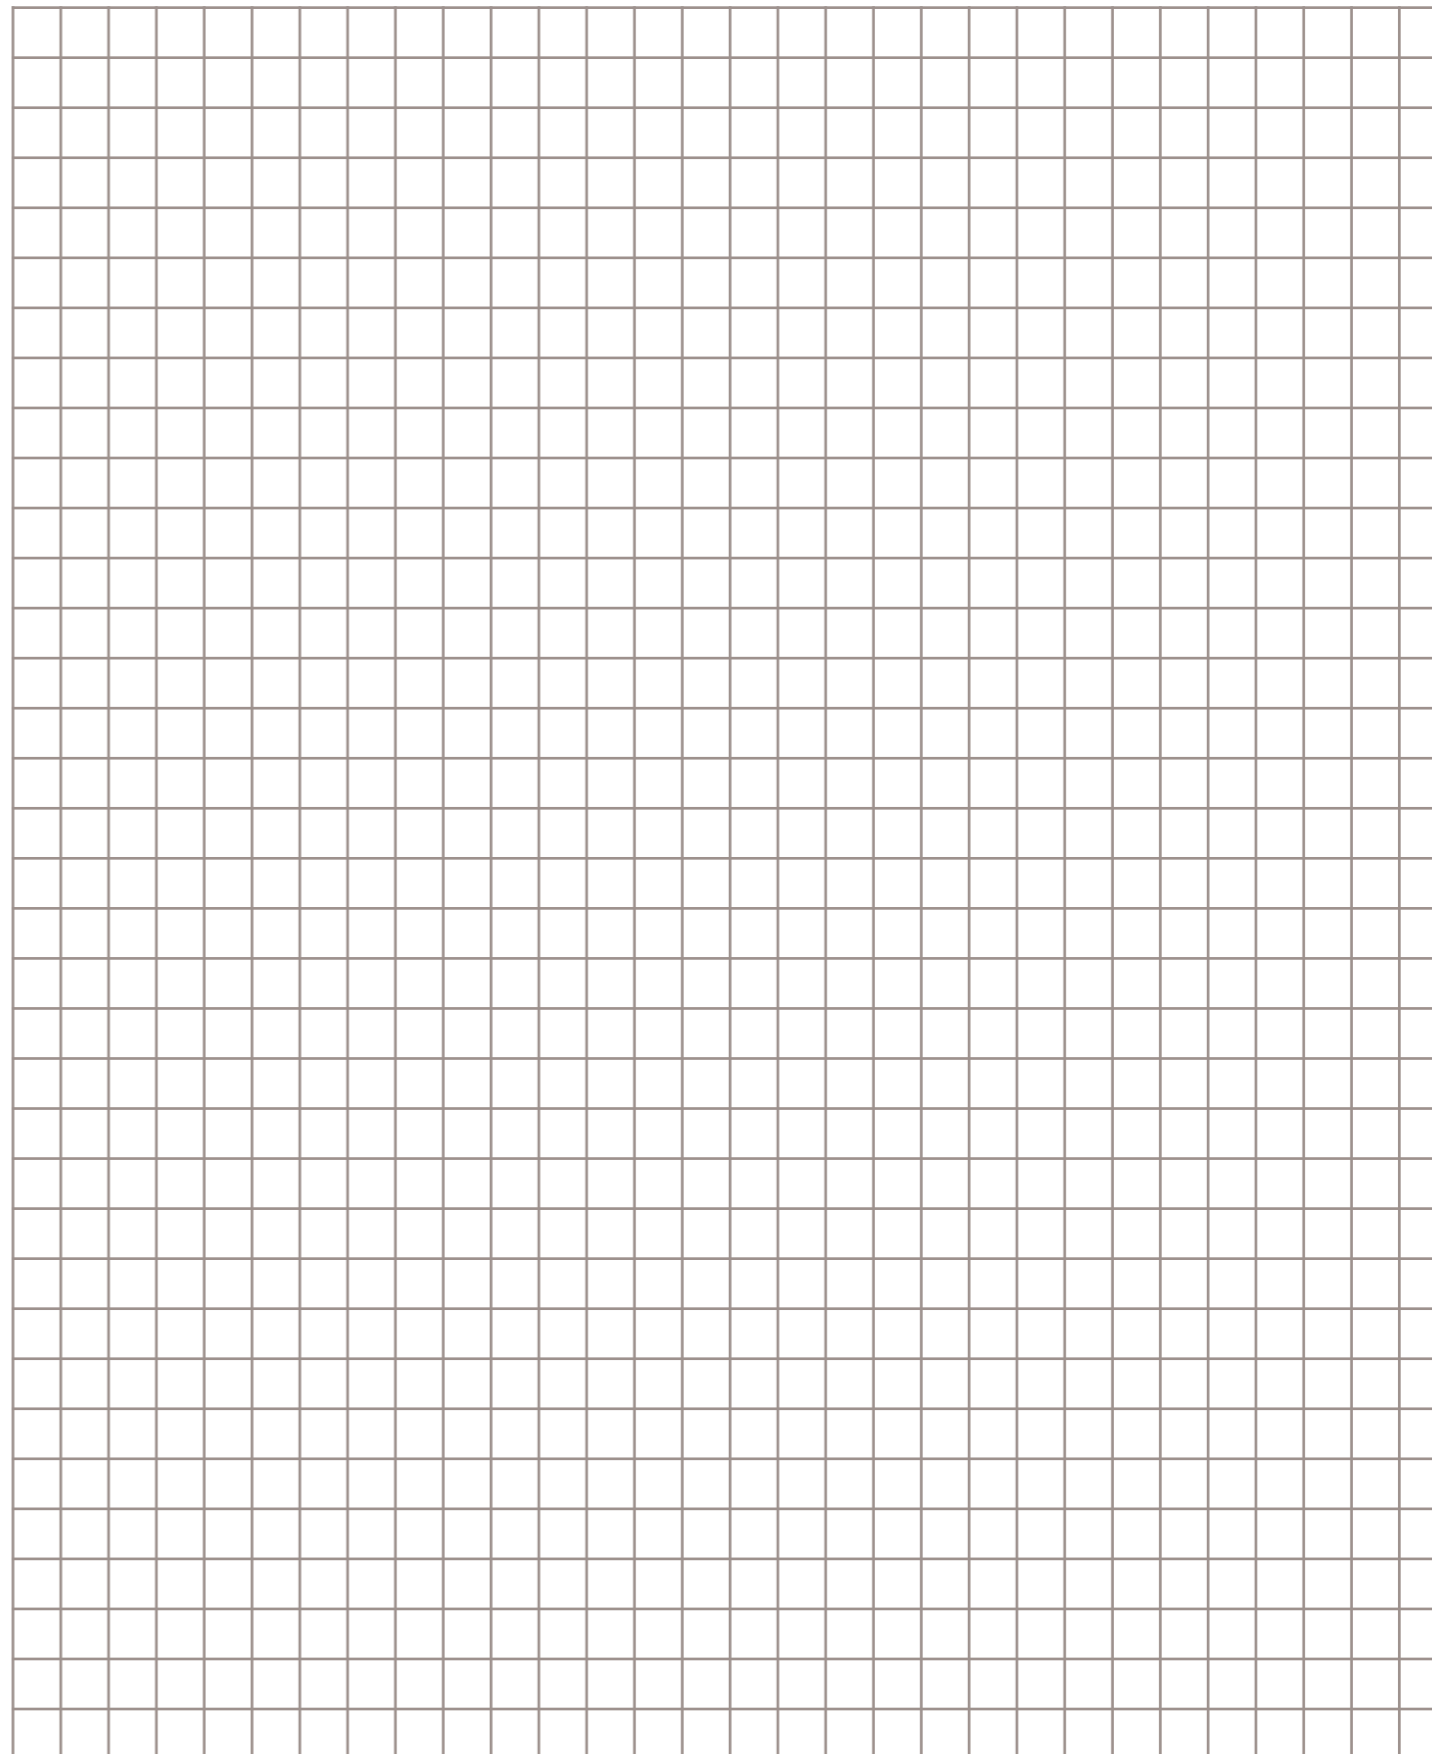

All Pinetum pine products are low maintenance and generally require no more than a little "TLC". Painted furniture requires the least maintenance, generally no more than cleaning with a good quality furniture polish. The waxed furniture requires a little more attention over its life span, but usually no more than occasionally re-waxing with specialist waxes available from your local pine furniture stockist. This is a simple task that can be undertaken at home by yourself and needs no special skill or instruction, your local pine furniture stockist will be more than happy to advise on the process and frequency of re-waxing. Be careful to ensure as close a colour match as possible to your furniture when purchasing wax products, again, your local stockist will be happy to advise.

Minor damage in the form of small scratches, dents and general wear and tear can easily be remedied using the Pinetum Furniture Care Kit available from Pinetum stockists. Major damage and breakages are best taken care of by employing the services of a local cabinet maker or joiner, alternatively you might enquire with the store from which you purchased your furniture about the possibility of a "return and repair".

NB - Never use chemical, abrasive materials or cleaners on your Pinetum Furniture.

For further information on all Pinetum product ranges please visit our website at www.pinetum.co.uk
